GUIDELINES FOR OBSERVERS

1. Statutory Basis of Appointment

Observers of the State Election Commission are appointed under the powers conferred on it by Section 232 A of the A.P Panchayat Raj Act, 1994 and the plenary powers available to the Commission under the Constitution of India. They are the appointees of the Commission working under the superintendence, control and discipline of the Commission from the date of their appointment until they are released after the process of elections is completed.

The A.P Panchayat Raj Act, 1994 has been amended in April, 2006 by Act 22 of 2006 to add a new section 232-A. This provided statutory powers to the Observers to watch the conduct of elections and especially in respect of counting of votes.

Section 232 A read as follows

“(1) The State Election Commission may nominate an Observer who shall be an officer of Government to watch the conduct of election or elections for such specified area or areas in the district and to perform such other functions as may be entrusted to him by the Commission in relation thereto.

(2) The Observer nominated under sub-section (1) shall have the power to direct the Returning Officer for the ward or for any of the wards or constituencies for which he has been nominated, to stop the counting of votes at any time before the declaration of the result or not to declare the result if in the opinion of the Observer, booth capturing has taken place at a large number of polling stations or at counting of votes or any ballot papers used at a polling station are unlawfully taken out of the custody of the Returning Officer or are accidentally or intentionally destroyed or lost or are damaged or tampered with to such an extent that the result of the poll at the polling station cannot be ascertained.

(3) Where an Observer has directed the Returning Officer under this section to stop counting of votes or not to declare the result, the Observer shall forthwith report the matter to the Commission and thereupon the Commission shall, after taking all material

circumstances into account, issue appropriate directions under Section 225 D or 231 in the matter of declaration of results.

(4) It shall be competent for the State Election Commission to appoint an **Election Expenditure Observer** for a group of constituencies or for a Mandal or group of Mandals so as to ensure that the provisions of sections 230 A and 230 B are strictly adhered to and in that behalf the Commission may issue such instructions as it deems fit, from time to time, to such Observers”.

2. GENERAL & EXPENDITURE OBSERVERS

The nomenclature used to identify the Observers as “**General Observers**” and “**Expenditure Observers**” is only for easy identification of major functions of the two groups of Observers being appointed. There is no distinction between them so far as the law is concerned and both are “**Observers**”. Both types of the Observers perform duties as assigned by the Commission for the conduct of MPTCs/ZPTCs Elections.

3. Co-ordination between General and Expenditure Observers:

Both General and Expenditure Observer will reach the District allotted to them at the same day. They will discuss among themselves and settle common issues and establish appropriate co-ordination to cover different events of the elections. They will cover maximum area of the district in the different phases. On the date of poll, the Observers together should distribute between them mandals/divisions in the District and cover them through intensive and extensive visits to ensure that the poll is free and fair.

4. Overview of Observer’s Duty:

By dint of their seniority and long experience in the administrative service, they are expected to be in a position to assist the Commission in the conduct of free and fair polls. They will also be able to oversee the efficient and effective management of the electoral process at the field level. For all purposes, they will act as the **eyes and ears of the Commission** during the period of the election and provide direct inputs to the Commission from the field as an interface with the election machinery, the candidates, parties, and electors to ensure that the acts, rules, procedures, instructions and guidelines related to elections are strictly and impartially complied with by all concerned. They should always clearly and firmly bear in mind the fact that they are

only the eyes and ears (and not the mouthpiece) of the Commission. Their inputs/observations are confidential and solely for the use of the Commission and not for any other agency including media. They must not, therefore, interact with or respond to the queries of the Press even after the elections are over. It is clarified that while the formal report/input/observation sent by the observers are meant for the use of the Commission, it does not mean that the observers will not discuss with the RO/District Election Authority(DEA) about their observation on various aspects of election management in order to facilitate mid-course corrections. It should be kept in mind that the objective of the deputation of the observer is not to find fault but to facilitate field administration in ensuring a free and fair poll. However, the observers shall not mark copies of their formal reports to the Commission to any other person including RO/DEA.

5. Role of Observers:

Section 232-A(2) of the Andhra Pradesh Panchayat Raj Act, 1994, has vested the Observers with some powers. The Observer shall have the power to direct the Returning Officer for the ward or for any of the wards or constituencies for which he has been nominated, to stop the counting of votes at anytime before the declaration of the result, or not to declare the result, if in the opinion of the Observer, booth capturing has taken place at a large number of polling stations or at counting centers or any ballot papers used at a polling station are unlawfully taken out of the custody of the Returning Officer or are accidentally or intentionally destroyed or lost or are damaged or tampered with, to such an extent that the result of the poll at that polling station cannot be ascertained.

Where an Observer has directed the Returning Officer under this section to stop counting of votes or not to declare the result, the Observer shall forthwith report the matter to the Commission and thereupon the Commission shall, after taking all material circumstances into account, issue appropriate directions under section 225 D or section 231 in the matter of declaration of results.

Besides the above, they have got certain direct executive roles to play which include:-

- (i) monitoring the processes of nomination, scrutiny and withdrawal and report back to the Commission promptly in case of any irregularity;
- (ii) effective monitoring of the cases of violation of the model code of conduct by watching the video clippings of various meetings and, if needed, even by visiting important rallies to get first hand input, enforcement of the defacement of

During these field visits the Observers should talk to the electors, particularly in the weaker section colonies and the less-developed areas and assess the level of confidence of the electorate in the electoral process and machinery. They should particularly talk to the electors belonging to the weaker sections and woman electors for making such an assessment. They may suggest to the RO any corrective action as may be required to increase the level of confidence of the electors as per their own assessment.

23. Meeting on Model Code of Conduct:

1. Observers are requested to attend some of the meetings convened by the District Election Authority in implementation of Model Code of Conduct with the candidates either at division or mandal level. The broad features of the Model Code of Conduct and the general instructions of the Commission in this regard should be briefly touched upon during this discussion. A general consensus should be evolved for making the elections in the area free and fair. The participants should be impressed upon to co-operate with the election machinery and the district administration to ensure a violence free and fair election with fullest participation of the electorate. During this meeting, the general arrangements on how to reach the Observers with complaints or information should be spelt out. The fixed time and place at which the Observers will be available in the base station and its location should be clearly indicated during this meeting.

2. Observers should thoroughly familiarize themselves with the Model Code of Conduct and instructions issued by the Commission, so that they can participate in a meaningful and effective manner in the above-mentioned discussion.

24. Review of Law and Order and Security Situation:

1. The Observers should have a separate meeting with the Collector, Joint Collector, RDOs, SPs, DSPs and Chief Executive Officer of Zilla Parishad to take stock of the law and order and security situation. It is important that the local police force available is deployed in such a manner so as to optimise its impact in conducting free and fair polls and in providing a high level of confidence to the electors. An in depth review of the assessment of sensitive / hyper sensitive polling stations should be conducted. State Election Commission has issued orders for appointing Zonal Officers, Gazetted Officers vested with Magisterial Powers to go round the Zone to ensure implementation of Model Code of Conduct from the date of publication of the list of contesting candidates to furnish a daily report to the District Election Authority and Collector. In turn Collector to furnish a copy of the consolidated report to State Election Commission under copy to the Observer. To have a overall view of election situation in the district. Observers are requested to take any remedial steps by initiating action on the concerned on the violation of election procedure / model code of conduct. Steps taken by the district administration on the proper maintenance of law and order may be furnished to the State Election Commission from time to time through the observers reports. A statement showing various legal provisions under which electoral malpractices and election offences can be dealt with is enclosed.

2. The Observers should also make a quick assessment of any interpersonal issues which might impede in the smooth conduct of elections. If there is any major problem on this account it should be brought to the notice of the Secretary, State Election Commission.

25. Review of Preparedness for Conducting Polls:

1. A separate and detailed interaction with the key functionaries in the election machinery should be held to assess preparedness to conduct poll.

2. The following items need to be checked by the Observer thoroughly during the first visit.

26. Electoral Rolls:

1. Correctness of electoral roll contributes greatly for the success of election. The correctness of the electoral rolls need to be verified at random.

2. Observers are requested to verify a few of the rolls published by the district authorities.

27. Randomisation for grouping of Polling Parties' Personnel:

One of the important tasks for the Observers during their visit would be to oversee the planning made by the ROs and the District Election Authority for the proper selection and deployment of polling personnel in accordance with the Commission's guidelines regarding use of randomization techniques for selection and deployment of Polling personnel.

28. SCRUTINY:

1. The Observers are expected to oversee the Scrutiny of Nominations. However, before the scrutiny, it is important that the Observers verify whether latest instructions and orders of the Commission are available with ROs. They should observe whether the Returning Officers are discharging his statutory functions for scrutinizing the nominations efficiently.

2. The following items are important:

- a) An authentic copy of constituency wise electoral roll of Mandal Praja Parishads and Zilla Praja Parishads for which he is appointed as R.O;
- b) Hand Book for Returning Officers issued by State Election Commission;
- c) Symbol Notification issued by State Election Commission.

3. It is important for the observers to go through these instructions carefully in advance before they interact with the Returning Officers. They will confirm that the Returning Officers have not only received the latest instructions but have understood the implications clearly.

29. Observation of implementation of Model Code of Conduct:

1. The main focus of the Observers will be on the **campaign and the compliance of the model code of conduct.**

2. In the matter of use of loudspeakers, public meetings etc. the existing instructions of the Commission should be strictly and impartially implemented and this will be overseen by the Observers.

3. Critical review on the Zonal Officers / Micro Observers reports on Model Code of Conduct, Law and Order Election arrangements, consolidated reports furnished daily by the District Election Authorities and issue instructions on the spot on the implementation of the Model Code of Conduct/ Election Arrangements by the General/Election Expenditure Observers.

30. Approach of the Observer in implementation of Model Code of Conduct:

The approach of observer should be to get the complaint inquired by DEA through the inquiry officer and tracking how the inquiry is conducted and how the concurrent corrective measure is affected. The observer should advise the DEA about the violations and appropriate action to be taken. However in case of lapses on part of the authorities even after advice of the observers, the observers should immediately communicate lapses to the State Election Commission. Observer should use videography as an effective tool to implement Model Code of Conduct

31. Ensuring Peaceful and Violence free Polls:

The Commission is also particularly concerned that the campaign period remains free from violence. The spirit of a healthy contest and a level-playing field is crucial to this, and this should be respected and adopted by all concerned. Candidates should, therefore, cooperate with the district administration to keep the contest free from tension and violence. The district and police administration have an important role in ensuring this. The Observers will particularly keep close coordination with and monitor the functioning of the district administration and keep a close watch on the activities of the candidates from this angle and oversee that no undue advantage is taken by any section in whatsoever manner during the campaign. They should also be watchful to ensure that the level of confidence of the electors in general but more particularly of the weaker sections, disadvantageous sections and women is not eroded or compromised in any manner during the campaign period.

32. Watch on expenditure incurred on election campaign by the candidates:

Use of money power, needless to reiterate, vitiates the election process. The Observers are, therefore, expected to be the watchdogs and keep a strict vigil on surreptitious and discursive ways of spending money to influence voters. The observers should know the ceiling of election expenditure.

It must be kept in mind that the enlisted ways of spending money is only indicative. There can be many other ways of spending money which should engage the attention of the Observers.

- Booth-wise agents are appointed to purchase floating votes;
- Large donations to organizations to influence its members;
- Largesse to petty workers to dole out the same to electors;
- Rented crowds for meetings;
- Rallies and campaigns with purchaseable crowd;
- Presence of candidates at social occasions like mass weddings, feasts, poojas, jagrans, innaugurals, etc. where gifts are given on behalf of candidates;
- Acceptance of felicitations by the contesting candidates at any educational or charitable organizations;
- Distribution of free liquor/liquor passes to the electors;
- Use of dummy candidates at election to utilize his quota of electioneering vehicles, etc.
- Surrogate advertisements in print and electronic media whereby candidature is canvassed by unconnected persons/organizations so as to avoid the expenditure on the same being accounted for in the expenditure of the contesting candidates;
- Providing voters with caps, vests, umbrellas, bi-cycles, etc.

It shall be the duty of the observers to ensure that all the instructions of the Commission are followed meticulously and there are no aberrations in their application. It is, therefore, imperative that the observers should familiarize themselves with the extant instructions issued by the Commission, a compendium of which is enclosed with this handbook.

- The supporting vouchers of the day to day expenses should necessarily bear the signature in full of the contesting candidate or his election agent.
- The register along with the Abstract of expenses has to be made available by the contesting candidates for inspection by the Returning Officer/Designated Officer thrice before the date of poll.
- If a candidate is contesting election for more than one constituency, he is required to maintain and lodge a separate account of his election expenditure in respect of each such office.
- The accounts of the candidate will be scrutinized by the Returning Officer/Designated Officers.
- Where a candidate does not produce his daily account of election expenses before the designated officers, despite notice, the DEA shall cause a complaint to be lodged u/s 171-I of the IPC against the errant candidates.
- Any person desiring a copy of these day to day accounts should be provided the same by the Returning Officer subject to the payment of usual copying charges.
- The candidate, while maintaining the daily accounts of election expenditure, should also account for all expenditure including those incurred prior to the date of nomination for preparation of campaign material, etc. which are actually used during the post nomination period in connection with the election.
- All vehicles (including two-wheelers, motor-bikes, scooters and mopeds, etc.) being used by the candidates contesting to the office of MPTC and ZPTC for the election campaign are required to be reported to the Tahsildar;

The Observers are advised to familiarize themselves completely with the aforesaid instructions of the Commission and prevail upon the Designated Officer to abide by the same. Wherever aberrations are noticed, the Designated Officers should be encouraged to issue notices through the Returning Officers to the erring candidates and make a note of the same in the register whenever they are produced for inspection.

33. District Media Cell:

The DEA shall create a cell for dealing with media headed by Public Relations Officer and the main functions shall be

- a. The cell shall collect various clippings about the elections and also the advertisements from all the newspapers including the vernacular languages and provide this with translation if required to the Observer through the liaison officer. This should be done on a day to day basis by the media cell. This exercise depending on the location of the observer may be done by liaison officer and an allowance shall be provided for this to the liaison officer,
- b. Prepare and circulate the note on various steps initiated during the day against violations of MCC to the media. These notes shall not include any direct quotes to the media by the observer, and

34. Preparedness to Conduct of Poll:

1. A further review of the preparedness to conduct poll should also be taken up with the District Election Authority and other key functionaries namely Chief Executive Officer of Zilla Parishads / Zonal Officers and S.P / DSPs/ CIs of the area.
2. The Commission has issued detailed guidelines regarding the size of the motorcades permitted during the campaign period. The Observers may familiarize themselves with these instructions and ensure that the district officers are enforcing the guidelines of the Commission in letter and spirit in a free and impartial manner.

35. Preparation of Polling parties and training:

To ensure transparency, the Commission has formulated a comprehensive three stage randomization plan for selection and deployment of polling staff.

Success of the poll process depends a lot on the quality of training imparted to the polling staff. Observer should monitor the training process and take care that:

- (i) All the staff appointed for poll duty is trained.
- (ii) The trainers are well versed with the election process.
- (iii) Training is imparted in small groups and not very large groups to ensure that proper focus is maintained.

- (iv) Training covers all aspects of poll management, including forms and certificates to be filled by the staff. Special focus should be given to the latest instructions issued by the Commission since most of the polling staff would be unaware of them.

36. Preparations for Date of Poll:

1. Effective checks of curb electoral malpractices or vitiation of the poll process by way of booth capturing, rigging, creating a scare of fear and panic among electorate and effectively preventing them from casting their votes are major concerns. The methods adopted by unscrupulous elements vary from district to district and area to area. The Observers are expected to familiarize themselves about the tricks of the trade prevalent in the area as well as identify the specific areas prone to such mischief.
2. The Observers between them or amongst them should carefully plan out, in confidence, the areas which they would focus on, during the actual period of poll. This will be kept confidential and is not to be shared with anyone including the District Election Authority, Returning Officers, Escort and Liaison Officer.

37. Visit to Dispersal Centres:

The Observers may visit the dispersal centres for despatching the polling parties at different locations and make a brief report on the manner in which the operations are planned to be conducted.

38. MICRO OBSERVERS:

The employees of the Central Government, Central PSUs are appointed as Micro Observers. Collector and DEAs were also given option to appoint Gazetted Officers of the State Government, having unblemished track record and considerable experience, where Central Government and Central PSU employees are not available in sufficient number. The Micro Observers are deployed at the selected sensitive / hypersensitive polling station. They should oversee poll, counting, declaration of results and election of Presidents/Vice-Presidents of Mandal Praja Parishads and Chairpersons/Vice-Chairpersons of Zilla Praja Parishads.

The Guidelines for Micro Observers and Illustrative training material issued in Circular No.599/SEC-B1/2013, dated 27.5.2013.

39. DATE OF POLL (Poll takes places from 7.00 A.M. to 5.00 P.M. in MPTC and ZPTC elections):

1. On the date of poll, Observers available in the district should distribute areas among themselves and tour the maximum number of booths as is physically possible during the hours of polling. They should, therefore, plan to carry some packed food so that no time is lost on this account. The presence of the Observers in the field on the date of poll and their visits to polling stations should be an effective deterrent against electoral malpractice and vitiation of the Poll Process. The Observers will ensure prompt and effective action on this score by interacting with the District Administration constantly through telephone or wireless set etc. The District Administration shall provide a wireless set fitted to the vehicles of the Observer on the pre poll day to the date of completion of the polling and counting.

2. One of the most important responsibilities of the Observers is to oversee the actual poll which takes place from 7.00 a.m. to 5.00 p.m. as approved by the Commission. Since the polling starts very early in the morning, the Observers should plan to start their work from a convenient point sufficiently before the start of the poll. General and Expenditure Observers should distribute the areas in the district between them in such a manner that they can cover the maximum Mandal Praja Parishads in the district.

3. They should look for any unusual activity or lack of activity around a polling station to sense whether any electoral malpractice has vitiated or is likely to vitiate free and fair polls. Absence of women in the queues may be an indicator of something unusual. The Observers should in advance study and acquaint themselves with the pattern of electoral malpractices in the past elections in different areas. On this basis they can look for tell tale signs, of any irregularities. They should constantly remain in touch with the ROs,/ Zonal Officers and other officers on duty to get feed back as well as to convey anything specific for corrective action to be taken by the concerned authorities on the basis of what the Observers have actually seen in the field on the date of poll.

4. They should also go inside Polling Stations and check for the progress of polling, the compliance of prescribed procedures by the polling officials in conducting the poll, the presence of polling agents, the updating of entries in the Presiding Officers diary and such other matters

that need verification. Observers shall sign the visit sheet, available with the Presiding Officers and check whether the A.R.Os / Zonal Officers visited the polling station and recorded their observations and the number of votes polled at the time of visit of the Officer has to be recorded and signed.

40. Repoll and adjourned poll cases:

The report of the Observer is the most important input for the Commission for taking a decision on ordering repolls. The Observers should therefore be vigilant and alert about any incident or activity which might or might have vitiated the poll process so that they can send a specific report to the Commission on this matter. In case of repolls, the Observers shall send a comprehensive report at the end of repoll.

41. End of Poll report:

The Observers will send a report in the form prescribed in **observer report 3** at the end of poll showing the role of polling agents and the number and nature of complaints received in regard to each polling station. In addition to this, the Observer has to send a comprehensive report highlighting all important factors, in case any repoll is recommended by him for a particular polling station or a group of polling stations.

42. Counting:

1. The statutory provisions regarding Observers specifically focus on their role during the counting process and empower them to stop counting and to direct the Returning Officer not to declare the result, if in the opinion of the Observer, booth capturing has taken place at a large number of polling stations or at counting centers or any ballot papers used at a polling station or unlawfully taken out of the custody of the Returning Officer or are accidentally or intentionally destroyed or lost or are damaged or tampered with, to such an extent that the result of poll at that polling station cannot be ascertained. The statute thus enjoins a special responsibility on the part of the Observers to oversee and supervise the counting process and also to provide a direct and immediate communication to the Commission. The Commission accordingly expects that the Observers will have a key role in the superintendence of the counting process.

2. Commission is particularly concerned that the entire counting arrangement should be orderly and well-structured. Commission attaches great importance to the fact that the actual

counting is done in such a manner that it is not only smooth and efficient but more importantly transparent and correct. Reasonable opportunity is to be afforded, as per existing instructions of the Commission, to let the counting agents of the candidates get a clear view of the counting process as it goes on each counting table.

3. Commission has issued orders regarding the arrangements for counting in the “**Hand Book for Returning Officers**”.

4. Observers may visit as many counting centres as they can when counting of votes is done to ensure that counting process is conducted as per the procedure prescribed.

43. Miscellaneous:

1. The District Election Authority will ensure that the place of stay, the phone number, the dates of visit of the Observers are duly publicised in the districts allotted to them. The Observers shall doubly check this. They have to make themselves easily accessible to whoever wants to meet them with an election-related complaint or information.

2. The State Election Commission will take all practicable steps to ensure that the Observers are protected against any victimisation due to their reports.

3. Observers may indicate the district in which he has been appointed as Observer and also whether he is a General Observer or an Election Expenditure Observer in all the communications to the Commission. This will facilitate easy identification and quick processing of the communications received from the observers.

6. Observers may indicate in each report, whether it is the first report, second report, third report or fourth report.
